NOTICE TO ENCROACHMENT PERMIT APPLICANTS (Owners and Contractors)

Please review the attached *Encroachment Permit* and *Insurance Requirements* carefully to ensure your insurance is in full compliance with requirements for encroachment on City rights-of-way. The City of Rohnert Park maintains a strict street work moratorium on roads that have been resurfaced. Call (707) 588-2232 to determine if a moratorium is in effect on any street. If emergency work must occur on a moratorium street, Development Services will notify you of the required extent of restoration work including removals, cold-planing, and resurfacing required.

INSURANCE:

Insurance which is not in compliance at permit submittal will require additional review time. This is especially true of submittals that are not on City-approved forms. Additional review time will significantly increase the approval time for the permit as well as the likelihood of additional fees. Please confer with your insurance broker before insurance is submitted and plan the scheduling of your encroachment projects accordingly.

FEES:

The current fees for an encroachment permit issued by the City of Rohnert Park are as follows:

Minor Permit: \$358.00*

Major Permit: \$1,481.00*

Investigative Fee: equal to applicable permit fee for work started without approved permit.

*Minimum charge per permit or actual cost at City Staff hourly rate, whichever is greater. All checks should be made payable to the City of Rohnert Park.

A COMPLETE APPLICATION CONSISTS OF THE FOLLOWING ITEMS. PLEASE ENSURE THAT THEY ARE ALL SUBMITTED TOGETHER:

- Completed Encroachment Permit form (2-page permit);
- Plans/drawing/sketch for the proposed work;
- Minimum fee is due to begin review of permit;
- Completed Insurance Certificate on City form;
- General Liability Insurance endorsement on City form (CG 20 12 07 98);

- Proof of Workers Compensation Insurance with Waiver of Subrogation;

Thank you.

ROHNERT PARK INSURANCE REQUIREMENTS

Without limiting Permittee's indemnification provided herein, Permittee shall procure and maintain, throughout the period of this Permit, the following policies of insurance placed with insurers with a current A.M. Bests rating of no less than A:VII against injury to persons or damage to property which may arise from or in connection with the activities hereunder of Permittee, its agents, employees or subcontractors:

A. Commercial General Liability Insurance at least as broad as ISO Commercial General Liability coverage (occurrence form CG 0001) with a minimum coverage of not less than \$2,000,000 per occurrence for bodily injury, personal injury and property damage. Excess or umbrella liability insurance may be used to meet limit requirements. Coverage must be at least as broad as specified for the underlying coverages and shall meet all permit requirements.

B. Automobile Liability Insurance with coverage at least as broad as ISO Form numbers CA 0001 06 92, Code 1 ("any auto") with minimum coverage of not less than \$2,000,000 per accident for bodily injury and property damage for vehicles used in the performance of this Permit. If Permittee owns no vehicles, this requirement may be satisfied by a non-owned auto endorsement to the general liability policy described above. If Permittee or Permittee's employee(s) will use personal autos in any way in conjunction with this permit, Permittee shall provide evidence of personal auto liability coverage for each such person.

The general liability and automotive liability policies are to contain, or be endorsed to contain, the following provisions:

(1) The City, its officers, elected officials, employees, agents and volunteers, are to be covered as insureds with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Permittee; and with respect to liability arising out of the work or operations performed by or on behalf of Permittee including materials, parts or equipment furnished in connection with such work or operations. The coverage shall contain no special limitations on the scope of protection afforded to the City, its officers, elected officials, employees, agents and volunteers. General liability coverage can be provided in the form of an endorsement to the Permittee's insurance, or as a separate owner's policy.

(2) For any claims related to this Permit, the Permittee's insurance shall be primary insurance as respects to the City, its officers, elected officials, employees, agents and volunteers. Any insurance or self-insurance maintained by the City, its officers, elected officials, employees, agents and volunteers shall be excess of the Permittee's insurance and shall not contribute with it.

C. Worker's Compensation as required by the State of California with coverage in the statutory amounts and Employer's liability insurance with minimum coverage of not less than \$1,000,000 per accident for bodily injury or disease. The Worker's Compensation policy is to be endorsed with a waiver of subrogation. The insurance company, in its endorsement, agrees to waive all rights of subrogation against City, its officers, employees, agents and volunteers for losses paid under the terms of this policy which arises from the work performed by the Permittee. **If Permittee has no employees, Permittee may sign and file the following certification in lieu of insurance:**

"I am aware of the provisions of California Labor Code Section 3700 which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with the provisions of that code before commencing with and during the performance of the work of this contract."

Permittee signature: _____ Date: _____

D. Permittee shall furnish City with certificates and original endorsements effecting the required coverage prior to execution of this Agreement by City. **The endorsements shall be on forms provided by City.** Any deductible or self-insured retention shall be disclosed to and approved by City. Each insurance policy shall be endorsed to state that coverage shall not be canceled by either party, except after thirty (30) days prior written notice to City by certified mail, return receipt requested, has been given to the City.

INSURANCE REQUIREMENTS FOR THE CITY OF ROHNERT PARK

IMPORTANT NOTE

Contractors/Homeowners shall not perform any work, or allow any work to be performed, on behalf of the City or in the City right-of-way, until the insurance documents described below have been accepted by the City. The Encroachment Permit application includes the requirement to provide additional insured, primary coverage and cancellation endorsements for the work to be performed, and City-approved insurance forms are included in the Encroachment Permit packet. If alternative forms are used, they are subject to additional review/approval by the City of Rohnert Park which will lengthen the permit approval time and the possibility of increased permit fees for cost recovery. Providing insurance documents that are acceptable to the City can take several days, and sometimes weeks or months. This is because the City of Rohnert Park, along with 14 other small, northern California cities, belongs to a self-insured risk management pool, the Redwood Empire Municipal Insurance Fund (REMIF). The pool exists to protect the funds of these cities and to allow those funds, to the greatest extent possible, to be used for City services, and not to pay insurance claims or legal fees unless the City is found to be negligent. As a result, our insurance requirements may be somewhat different than what is generally required of insurers. However, these requirements are set by REMIF, and each city must follow the requirements or risk being expelled from the pool.

Certificates and Endorsements may be faxed to 707-794-9242 or emailed to engineering@rpcity.org

Please be certain that all documents are sent in one fax or email submission. The City will not "piecemeal" together an insurance submission.

NOTE: The submission of insurance documents does not constitute acceptance by the City.

Originals with wet signatures **must be** sent to: Attn: Development Services, 130 Avram Avenue, Rohnert Park, CA 94928

Questions may be addressed to the Administrative Assistant at 707-588-2232

Prior to performing work for the City of Rohnert Park or receiving an encroachment permit to perform work in the City right-of-way, the Contractor and/or Homeowner, including any and all subcontractors working for the Contractor/Homeowner, shall furnish the following documents to Development Services for approval. Coverage shall be effective throughout the term of this permit:

HOMEOWNERS:

1. A copy of the Homeowner's Insurance Policy declarations page, showing coverage is currently in effect, and will remain in effect throughout the project period.
2. An additional insured endorsement which includes the following language: "The City of Rohnert Park, including its officers, officials, employees, and volunteers, are insureds." "Sole negligence" wording must be included – "coverage provided by this endorsement will not apply to liability arising out of the sole negligence of the additional insured named...".
3. A letter from the agent stating that "the liability coverage extends to the activities of the Homeowner."

NOTE: If the agent/broker is unable to name the City as additional insured, the agent/broker must provide a memo or letter to Development Services so indicating. The agent/broker shall indicate on the Declaration Page that the insured has Contractual Liability Coverage.

CONTRACTORS:

Certificates of Insurance with original, authorized signatures, providing the following minimum insurance coverage(s):

1. **General Liability:** \$2,000,000 Combined Single Limit per occurrence for bodily injury, personal injury, and property damage.
2. **Automobile Liability:** "Any Auto" \$2,000,000 Combined Single Limit per accident for bodily injury and property damage.
3. **Workers' Compensation:** Workers' Compensation Insurance as required by the State of California and Employer's Liability Insurance of \$1,000,000 per accident for bodily injury or disease.

All insurance carriers shall be rated A:VII or better and certificates **SHALL** be accompanied by the following endorsements:

A. **LIABILITY INSURANCE ENDORSEMENT** containing the following specific components:

1. The insurance policy number.
2. A statement that includes the following language:
"The City of Rohnert Park, including its officers, elected officials, employees, agents and volunteers are insureds."
3. A statement that includes the following language:
"The insurance shall be primary as respects the insured shown in the schedule above, or if excess, shall stand in an unbroken chain of coverage excess of the Named Insured's scheduled underlying primary coverage. In either event, any other insurance maintained by the Insured scheduled above shall be in excess of this insurance and shall not be called upon to contribute with it."
4. A statement that includes the following language:
"The insurance afforded by this policy shall not be canceled except after thirty days prior written notice by certified mail, return-receipt requested has been given to the City."

(continued on next page)

NOTE: A CG 20 12 07 98 form "Additional Insured – State or Political Subdivisions – Permits" is preferred for the General Liability additional insured endorsement when work *is not being performed for the City*.

NOTE: In lieu of cancellation language on an endorsement, the City will accept the following amended wording in the cancellation clause: *"Should any of the above described policies be cancelled before the expiration date thereof, the issuing company will mail 30 days written notice to the certificate holder named to the left.*

B. **AUTOMOBILE INSURANCE ENDORSEMENT** containing the following specific components:

1. The insurance policy number.
2. A statement that includes the following language:
"The City of Rohnert Park, including its officers, elected officials, employees, agents and volunteers are insureds."
3. A statement that includes the following language:
"The insurance shall be primary as respects the insured shown in the schedule above, or if excess, shall stand in an unbroken chain of coverage excess of the Named Insured's scheduled underlying primary coverage. In either event, any other insurance maintained by the Insured schedule above shall be in excess of this insurance and shall not be called upon to contribute with it."
4. A statement that includes the following language:
"The insurance afforded by this policy shall not be canceled except after thirty days prior written notice by certified mail return receipt requested has been given to the City."

NOTE: Within having "Any Auto" coverage, the City is willing to accept a memo from most brokers that would state "Scheduled Autos, Hired Autos, And Non-Owned Autos" also meet the City's requirements for coverage minimums.

C. **WORKERS' COMPENSATION INSURANCE ENDORSEMENT** containing the following specific components:

1. A waiver of subrogation clause which states the following:
"This insurance company agrees to waive all rights of subrogation against the City of Rohnert Park, its officers, elected officials, employees, agents and volunteers for losses paid under the terms of this policy which arise from the work performed by the named insured."
2. The insurance policy number.
3. A statement that includes the following language:
"The insurance afforded by this policy shall not be canceled except after thirty days prior written notice by certified mail, return receipt requested has been given to the City."

NOTE: Certificates issued by State Compensation Insurance Fund **must have** State Fund endorsement numbers 2065 and 2570 on them.

Subcontractors performing work within the City Right-of-Way shall either be included upon the Contractor's policies as insureds, or shall furnish separate certificates and endorsements. All coverages for subcontractors shall be subject to all of the insurance requirements stated previously herein for the Contractor, and shall be effective throughout the term of this permit.

CITY-APPROVED INSURANCE FORM SAMPLES FOLLOW

If alternative forms are used, they are subject to approval by the City of Rohnert Park. **This will lengthen the permit approval time and the possibility of additional permit fees for cost recovery.**

The City of Rohnert Park reserves the right to require more coverage than indicated above, and to reject any language or forms that do not meet the City's requirements. The use of excess/umbrella policies to provide required coverage is permissible provided the umbrella policies are appropriately endorsed and meet all other requirements. If excess/umbrella coverage is included in your submittal, please attach a letter attesting the following:
"Umbrella or excess liability policies shall provide coverage at least as broad as specified for underlying coverages and covering those insured in the underlying policies. Coverage shall be "pay on behalf", with defense costs payable in addition to policy limits. There shall be no cross liability exclusion of claims or suits by one insured against another."

Appendix B: COVID-19 Construction Field Safety Requirements

The following are required elements of a Social Distancing Protocol for construction businesses engaged in allowed construction activity under Section 16.f.vi of the Health Officer's Order C19-09, dated May 1, 2020.

1. If requested, submit to the appropriate County Representative the new or updated Social Distancing Protocol consistent with these guidelines;
2. Establish an assembly point for staff, before the start of work each day that complies with the recommended social distancing parameters;
3. Establish a daily screening protocol for arriving staff, to ensure that potentially infected staff do not enter the work site. If workers leave and re-enter the work site during the shift, re-screen individuals prior to re-entry into the work site;
4. Provide a daily tailgate session reviewing site protocols to mitigate potential spread of the virus. As information is changing continuously regarding COVID-19, these tailgates should occur daily and contractors should document attendance and require worker signatures;
5. Designate a Site Safety Rep (SSR) to monitor and implement all recommended safety practices regarding the COVID-19 virus with all contractor staff members. Labor supervisors must have the authority, through consultation with the SSR, to halt all activities that do not adhere to the COVID-19 safety practices. The SSR should have training commensurate with this hazard and all required industrial hygiene practices that may be required on the job site. This person will be responsible to maintain supplies of disinfectants and make sure that workers follow decontamination, hand washing, and distancing;
6. For work sites where multiple employers share the same work space, inform all employers about each Social Distancing Protocol and site-specific COVID-19 Construction Field Safety Requirements. Where one contractor enters the space of another contractor, the most stringent protocol or guideline will be followed. Stagger the trades as needed to reduce density and maintain social distancing and separation of at least 6 feet. Minimize interactions when picking up or delivering equipment or materials;
7. Regularly clean and sanitize trailers, toilets, and other enclosed spaces;
8. Social distancing must be maintained in elevators and lifts. Establish a regular cleaning and disinfection schedule for elevators and lifts. Identify other "choke points" or "high-risk areas" where persons may come into close contact, and take appropriate steps to maintain social distancing and hygiene;
9. Establish a cleaning and decontamination protocol prior to entry and exit of the job site. Establish a similar cleaning protocol within the job site area;

Order of the County Health Officer of the
County of Sonoma Extending the Shelter in Place

10. Establish cleaning and/or hand washing stations within the work areas. They should be of sufficient quantity to allow staff to remain within the work areas without exiting into break areas. It is critical to adequately maintain these stations continuously;
11. Establish adequate time in the workday to allow for proper cleaning and decontamination including prior to leaving the job site for the day;
12. Ensure easy access to parking, since public transit may be limited;
13. Assign a second safety officer to the construction site to ensure protocols are being followed;
14. Ensure all persons utilize appropriate personal protective equipment, including facial coverings or masks, depending on the nature of the work; and
15. Establish a Code of Safety Practices that will at a minimum require staff/labor to follow the following practices during the course of their work:
 - a. If you feel sick, or have been exposed to anyone who is sick with COVID-19, stay at home. You may be required to provide COVID-19 test result showing a negative result (not infected with COVID-19) before being allowed to return to work. This is critical to preventing spread of the virus.
 - b. Wash hands frequently for at least 20 seconds with soap and water. Avoid touching your face with un-sanitized hands. Avoid touching common surfaces with bare hands.
 - c. Constantly observe your work distances in relation to other staff. Maintain the recommended minimum 6 feet separation from one another at all times feasible. Do not shake hands or make other unnecessary direct contact with other staff.
 - d. Do not carpool with other staff unless they are family members living within your household. Do not share phones. Use of microwaves, water coolers, and other similar group equipment for breaks is suspended until further notice.
 - e. Clean and disinfect personal tools prior to use, as well as group tools.
 - f. Disposable paper towels and similar waste must be deposited in non-touch waste bins.
 - g. Do not cough or sneeze into your hand; rather, direct coughs and sneezes into a cloth or tissue or, if not available, the crook of your arm at your elbow; follow established CDC guidelines.
 - h. Workers should change work clothes and shoes prior to arriving at home. All clothing should not be shook out. Launder work clothes separate from other laundry.
