

Smoke alarms simplified

Ionization? Photoelectric? 10-year? Hard-wired? Carbon Monoxide??? Oh, the choices!!!!

A very user-friendly video, produced by American Canyon Fire District and Firemen's Fund is located at the website below:

https://www.youtube.com/watch?v=oguGsYZQfxE&feature=emb_rel_end

This is very straight-forward information about maintaining, installing and even choosing detectors.

Please feel free to contact the Rohnert Park Department of Public Safety, Fire Prevention division if we can be of assistance. **(707)584-2641**
