Job Name: **Traffic Signal Upgrades**
Job Location: **Various Locations, Rohnert Park, CA**

Dear Art,

Per your request, we offer to perform the following work at the price shown below:

Traffic Signal Cabinet Replacements:

Replace the existing traffic signal cabinets with new Caltrans Standard 332L cabinets and Battery Back-up Systems at the following five signalized intersections:

- 1.) *Rohnert Park Expressway & Redwood Dr*
- 2.) *Rohnert Park Expressway & Commerce Blvd*
- 3.) *Rohnert Park Expressway & State Farm Dr*
- 4.) *Rohnert Park Expressway & Country Club Dr*
- 5.) *Rohnert Park Expressway & San Simeon Dr*

Work includes the following at each location:

- Establish temporary traffic control and set the intersection to red flash with stop signs.
- Disconnect power and remove and dispose of existing traffic signal cabinet (salvage all video detection components for re-use).
- Furnish and install new anodized aluminum 332L cabinet on the existing foundation (new red-head anchor bolts required) complete with 2070E controller, 2010 CMU, and all necessary load switches, flashers, relays, detectors, isolators, etc. for full 8-phase operation.
- Furnish and install new Battery Backup System (BBS) in externally mounted BBS cabinet attached to the side of the new 332L cabinet.
- Re-install all video detection equipment and program zones, re-land all field wiring, flash-out all indications, return to normal operation; test BBS for proper operation.

Total Labor, Equipment, and Material... \$121,250.00

Signal Interconnect Cable Replacements:

Replace the existing 6-pair Signal Interconnect Cable (SIC) with 25-pair SIC in the existing conduits between the following signalized intersections:

- 1.) *Rohnert Park Expressway from Redwood Dr to Snyder Ln.*
- 2.) *Golf Course Dr from Labath Ave to Fairway Dr*

Work excludes repair or replacement of any conduit, pull-boxes, lids, asphalt, concrete, or anything other than the Signal Interconnect Cable (SIC) itself. This price assumes all conduits are in-tact and accessible.

Total Labor, Equipment, and Material... \$78,600.00

Vehicle Detection Installation (Video) – Rohnert Park Expressway & Redwood Dr:

- Furnish and install a four (4) camera Econolite Vision™ video detection system, including all cabinet components, cables, connectors, mounting brackets and testing for proper operation.
- Remove existing obsolete controller and furnish and install new 2070E controller.

Total Labor, Material, and Equipment... \$47,600.00

Pedestrian Signal Upgrades – Rohnert Park Expressway & Labath Ave:

- Remove and dispose of eight (8) standard Pedestrian LED Modules and furnish and install eight (8) new Countdown LED Modules.
- Remove and dispose of eight (8) existing push-buttons and associated framework assemblies. Furnish and install a new Polara Navigator™ Accessible Pedestrian Signal 2-wire system, including eight (8) new Navigator Push-button Stations with custom Voice on Location (VOL) recording and braille, one (1) Central Control Unit, and one (1) hand-held configurator.
- Program new PPB stations and confirm proper operation.

Total Labor, Material, and Equipment... \$12,915.00

The estimated lead-time on material is 6-8 weeks. All other material and equipment is stock with DC Electric Group, Inc. and work can begin within 10 business days from receipt of Notice to Proceed from the City of Rohnert Park. Price assumes all work to be done during regular business hours.

This price is valid for 30 days.

This offer is hereby accepted on this _____ day of _____, 2017.
