TASK ORDER EXHIBIT A "SCOPE OF SERVICES"

January 2018

A. Development Review Planning Services

Consultant will provide contract staffing services to assist the City of Rohnert Park staff with the project management and entitlement processing tasks for development projects under review at the City. Service covered under this section is for service that is reimbursed by private development and applicants under the City's cost recovery program. Tasks to be performed shall be specifically requested by City before and work is initiated and may include:

- 1. Environmental Document Preparation and Management Provide oversight and direction to project applicants and environmental consultants throughout completion of the EIR process, serving as primary contact between the City, the applicant and EIR consultant. Compile all EIR review comments completed by the various City departments and assist with the interdepartmental coordination of EIR-related comments as needed. Oversight and management of the EIR preparation; ensure routing of submittals to the appropriate departments and agencies; and provide EIR status/schedule updates. Ensure departmental files provide a legally-adequate EIR administrative record. Prepare, review and comment on the environmental documents and technical studies on behalf of the Planning Division. Complete or review environmental documentation to ensure compliance with CEQA and other state regulations.
- 2. Application Review and Coordination Assist staff in ongoing processing and management of the applications; update and organize all project files; review and comment on all project submittals; and be responsible for scheduling regular meetings on an individual and group basis between City staff, applicant and other agencies as needed to ensure steady progress of the application processing. This would include communication and coordination with each of the City departments and agencies in a manner that will provide consistent responses and direction to the project applicant.
- 3. <u>Development Agreement</u> Provide support to City staff with Development Agreement negotiations and completion of draft DAs.
- 4. <u>Staff Report Preparation</u> Prepare staff reports for Park and Recreation Commission, Planning Commission and City Council hearing, resolutions, conditions of approval and findings, as directed by the Development Service Director.
- 5. <u>Public Hearing Preparation</u> Prepare public presentation materials, including staff reports and exhibits for the Commission and Council hearings.
- 6. Annexation Prepare annexation applications and coordinate process through LAFCO.
- 7. <u>Project Implementation</u> Review and provide input on all supporting plans, programs and actions to ensure that the project is consistent with City policies and environmental mitigation requirements. Coordinate update of Specific Plan, General Plan Diagram and Zoning Map to reflect final decision on development projects.
- 8. Other Work As directed.

B. Biological Resources Studies, Permitting and Services

Consultant will provide biological services to assist the City of Rohnert Park staff with the project management and entitlement processing tasks for development projects under review at the City. Service covered under this section is for service that will be reimbursed by private development and applicants under the City's cost recovery program. Tasks to be performed shall be specifically requested by City before and work is initiated and may include:

- 1. <u>Biological Resources Assessments</u> Review background information (soils, aerial photos, topographic maps, other environmental documents). Obtain report from the California Natural Diversity Data Base for special status species occurrences in the region. Perform query of the California Native Plant Society database for rare plants with potential to occur in the project area. Obtain a database report from the USFWS for special-status species with potential to occur in the project area and critical habitat. Conduct field survey of site to inventory vegetation types and wildlife habitat. Prepare a list of observed plants and animals. Prepare exhibits including habitat maps, species occurrence data, critical habitat, and ground photos. Identify the location of any special status species populations. Prepare Biological Resources Assessment report documenting results of research and field survey(s).
- 2. Special-status Plant and Animal Surveys Biologists will survey the site for the occurrence of special-status species according to applicable regulatory guidance for surveys within the Santa Rosa Plain Conservation Strategy Area. Prepare a list of species observed and field map locations of any rare plant populations or special-status animal species observed. Prepare exhibits to identify the locations of species mapped during the field survey. Incorporate the results of the survey into survey report include recommendations for appropriate mitigation strategies for any species identified.
- 3. <u>Wetland Delineations and Verifications</u> Wetland delineations will be conducted to the standards established by the San Francisco District Corps office. Obtain and evaluate background data, such as aerial photographs, soils maps, and other pertinent information. Conduct a wetland delineation according to the Corps' 1987 manual using the three parameter method described in the manual. Create a wetland delineation map showing the features identified as waters of the United States during the delineation site visit. Prepare a Wetland Delineation Report for submission to the U.S. Army Corps of Engineers. Work with the Corps to finalize verification of the Wetland Delineation map.
- 4. Resource Agency Consultation and Permitting Resource specialists will work on behalf of the City with applicable state and federal agencies to consult regarding Clean Water Act, Endangered Species Act and other regulations to obtain information and permits, as needed.
- 5. Other Work As directed.
