### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROHNERT PARK ADOPTING THE FIVE-YEAR CAPITAL IMPROVEMENTS PROGRAM (CIP) FOR FISCAL YEARS 2017-18 THROUGH 2021-22 AND APPROVING FISCAL YEAR 2017-18 CIP PROJECTS AS INCLUDED IN THE CITY BUDGET FOR FISCAL YEAR 2017-18**

**WHEREAS**, the City's Capital Improvement Program Committee, made up of various City departments, has assembled a slate of proposed capital improvement projects and associated costs covering the period between Fiscal Year 2017-18 and Fiscal Year 2021-22; and

**WHEREAS**, the City of Rohnert Park's current General Plan requires that a Capital Improvement Program be in place as a planning and budgeting tool for the improvement of City facilities and infrastructure, to be reviewed and updated annually; and

**WHEREAS**, a Five-Year Capital Improvement Program is categorically exempt from the California Environmental Quality Act, pursuant to the California Code of Regulations Title 14, Chapter 3, Section 15306 (Class 6 – Information Collection), and Section 15378; and

**WHEREAS**, City staff and the Rohnert Park Planning Commission reviewed the Five-Year Capital Improvement Program for Fiscal Years 2017-18 through 2021-22 and found it consistent with the Rohnert Park General Plan; and

**WHEREAS**, on June 13, 2017, the City Council has extensively considered the Five-Year Capital Improvement Program for Fiscal Years 2017-18 through 2021-22, as incorporated in the City Budget for Fiscal Year 2017-18.

**NOW, THEREFORE, BE IT RESOLVED** by the Council of the City of Rohnert Park that the City of Rohnert Park Proposed Five-Year Capital Improvement Program (CIP) for FY 2017-18 through FY 2021-22 is hereby approved and adopted as the Five-Year Capital Improvement Program (CIP) for fiscal year 2017-18.

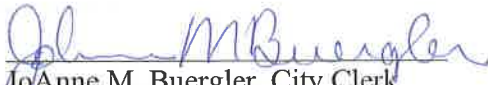

**BE IT FURTHER RESOLVED** by the Council of the City of Rohnert Park that the City of Rohnert Park Capital Improvement Projects for fiscal year 2017-18 are hereby approved and adopted as incorporated in the City Budget for FY 2017-18 attached hereto as Exhibit A.

**DULY AND REGULARLY ADOPTED** this 13<sup>th</sup> day of June, 2017.

**FROM:** Darrin Jenkins, City Manager  
**DATE:** June 13, 2017  
**RE:** Fiscal Year 2017-18 Budget

---

One of the most important things we do as an organization is set forth our priorities via our annual budget. I'm proud to transmit this draft budget to the City Council for your adoption.

In developing this budget, we considered input from our community via the 2017 Community Survey. The respondents clearly said they want more attention paid to police patrols, streets, and parks (among other things). Last year's budget significantly increased staffing dedicated to public safety and those positions are being filled through the recruiting process. Residents will see a difference later this year as new public safety members come on board. This budget increases resources devoted to operations and upgrades in public safety, streets, parks, and finance. The proposed budget is balanced with revenues matching expenditures.

### **GENERAL FUND BUDGET HIGHLIGHTS FOR FY 2017-18**

The FY 2017-18 General Fund budget includes anticipated revenues and operating transfers-in of \$39.00 million. FY 2017-18 General Fund expenditures and transfers-out total \$39.44 million. The difference of \$0.44 million is made up from using an assignment of fund balance set aside at the end of FY 15-16 in anticipation of setting up a new technology reserve fund, which this budget does. The budget also transfers an additional \$0.4 million to the technology reserve, \$2.0 million to the Infrastructure Reserve to address deferred maintenance of the City's aging facilities, and \$0.65 million to the vehicle replacement fund. The overall budgeted addition to unassigned fund balance is zero.

### **ANALYSIS**

#### **Increased Revenues**

Revenues are up year over year owing to a number of positive factors. Tourism in Sonoma County continues to be very strong with corresponding strong transient occupancy tax revenue from Rohnert Park hotels. Property taxes are up due to higher

home values and sales prices. Revenue related to development is also up significantly. This revenue is highly volatile and prudence dictates we recognize its ephemeral nature. The budget includes a number of “one-time” transfers to avoid overreliance on development revenue for ongoing operating needs. Franchise fees are up due primarily to increased refuse costs related to Sonoma County’s lease of its landfill and resultant increased gate tipping fees.

Staff remains vigilant to impacts on the general fund and seeks to recover costs from outside funds when appropriate. This budget includes charges for Public Safety overhead related to casino mitigation staffing. With fifteen Public Safety staff positions funded from casino mitigation, the City experiences increased costs all throughout the Public Safety Department, examples include fuel, training, ammunition, equipment, supplies, information technology, and integrated records and computer aided dispatching consortium costs. These costs are recovered in this budget through overhead calculated by an outside expert in cost recovery analysis.

### Increased Public Safety

With the construction of the West Side Public Safety Station starting next calendar year, the City needs to recruit and train four additional public safety officers. This budget includes funding for those officers for half of the year, recognizing that it takes at least six months to complete the hiring process for a public safety officer.

This budget funds the purchase of a new front line fire engine to replace an aging one. It also includes funding eight new public safety interceptors to replace our aging vehicles. Two vehicles for the community services officers are also funded.

### Improved Streets

Recognizing the needs in the community for improved streets, this budget devotes \$4.1 million towards streets and drainage improvement projects. It also adds a Public Works Maintenance Worker devoted to pothole repair and other streets maintenance activities. The streets function will receive one new utility truck.

### Improved Parks

Acknowledging a backlog of maintenance and replacement needs in our parks, this budget significantly increases park project funding, spending \$1.3 million toward park improvements. It also includes one new fulltime Landscape Maintenance Worker position to better maintain our parks for the enjoyment of our residents. In addition the parks operation will receive two new utility trucks and one off-road utility vehicle.

## Prudent Investments

In times of plenty, judicious financial managers set aside for the future as this budget does. It includes \$840,000 set aside for future technology upgrades (\$400,000 from this year's revenue and \$440,000 from last year's assigned fund balance). It follows the City's policy for vehicle replacement by investing \$530,000 per the replacement schedule. It also sets aside another \$650,000 to replenish funds withdrawn to purchase vehicles this year. This budget continues to prepare for the radical pension costs increases scheduled by CalPERS. It invests \$4 million in a pension stabilization trust fund where funds will later be withdrawn to offset increasing pension costs.

This budget transfers \$2.0 million into the Infrastructure Fund for streets, buildings, and park projects. That funding combined with monies transferred in FY 16-17 fund \$3.8 million of local improvement projects. This level of general fund spending on city assets is approaching the annual recommended amount for sustaining our facilities.

## Improved Accounting

Over the last five years the City significantly increased its financial sophistication—establishing and maintaining special revenue funds and internal service funds to properly account for costs. In addition, the City is implementing development fee programs and development agreements that fund and offset numerous increased costs associated with development. As a result, the City now has over fifty special revenue, internal service, special purpose, and enterprise funds in addition to the general fund. This budget adds an accountant to help the City ensure the proper accounting, receipt, and expenditure of these special funds.

This budget includes the addition of a Payroll/Fiscal Specialist to the utility billing function of Finance. This new position is intended to enable the City to audit low water usage accounts to identify meter failures, audit high water use accounts to identify customer leaks, change hydrant meter billing to monthly from the current practice of billing once at the end of the project. The position will take a more active role in pursuing the City's accounts receivable billings and collections management. It will also improve customer service in the front counter operations and provide cross training to deal with vacancies and absences.

## Improved Housing Program Administration

This budget appropriates \$166,000 toward management of the City's affordable housing programs. This is a significant increase in resources towards this function. The source is dedicated funds set aside from the dissolution of redevelopment.

## General Plan Funding

This budget starts a three year process to fund and complete a new General Plan for Rohnert Park. The General Plan is the guiding document for how our community grows

and evolves. The current general plan was created in the late 1990s and adopted in 2000. Its vision went to 2020.

### **LONG-TERM UNFUNDED LIABILITIES:**

The funding for long-term employment liabilities for retiree health care costs and CalPERS retirement continues to be a concern. Combined, the City owes \$72 million for pensions and retiree health care costs.

#### **Retiree Health Care:**

A valuation of the post-retirement health care program as of July 1, 2015 indicates an unfunded liability of \$24.8 million. The total liability is \$29.8 million. Trust fund assets are now \$11.4 million.

The FY 2017-18 proposed general fund budget includes “pay-go” appropriations of \$1,783,000 for retiree health care. After the general fund is reimbursed from the water and sewer funds, the general fund’s net “pay-go” costs are \$1,540,000.

The City contributes to a retiree medical prefunding program known as the California Employer’s Retiree Benefit Trust (CERBT). The pre-funding program provides earnings on deposits to help fund future retiree health costs. The CERBT investment program is expected to earn approximately 6.5% over the long-term, but the investment returns are not guaranteed and are subject to losses like other equity market investments.

The City has completed the prefunding per the retiree medical funding plan adopted by the City Council in February 2016. Allowing for changes in the medical care and other factors, the proposed budget includes a \$200,000 transfer to the CERBT trust for retiree medical. Taking the annual required contribution minus the pay-go and pre-funding, the City is paying down its current year retiree medical obligations by \$.5 million in FY 17-18. The information is summarized in the table below:

**Table 2: Retiree Medical Funding – General Fund Only (Millions)**

Annual Required Contribution <sup>1</sup>	(\$2.2)
Cash Payments “pay-go”	\$1.5
<u>Trust Contributions “pre-funding”</u>	<u>\$0.2</u>
Net Funding FY 17-18	(\$0.5)

---

<sup>1</sup> The annual required contribution shown, now known as the actuarially determined contribution, was calculated in the June 2015 valuation. Since that valuation, the City adopted a pre-funding plan which effectively reduces the annual required contribution. The new amount will be determined with the June 2017 valuation.

**CalPERS Retirement:**

The City uses the California Public Employee Retirement System (CalPERS) to provide employee pensions. The FY 17-18 CalPERS required contribution rates are increased to 79.5% and 27.6% for the Tier 1 Public Safety and Miscellaneous retirement programs respectively. That means for every one dollar paid to a Tier 1 public safety employee, the City must pay 69 cents to CalPERS for that employee's retirement. FY 16-17 contribution rates were 69% and 28% for the same programs.

Future years' rates are expected to reach or exceed 93% and 43% for Tier 1 Public Safety and Miscellaneous, with a five-year phase-in that started in FY 15-16. The increase is based on CalPERS's changes in demographic assumptions and funding methods announced in a March 10, 2014 letter to CalPERS member agencies. It also includes CalPERS's December 2016 decision to lower the discount rate from 7.5% to 7.0% over three years.

The latest actuarial valuation reported an unfunded liability of \$53.4 million for retirement benefits. The City set aside \$3.3 million in early 2016 and \$3 million in 2017 toward the unfunded liability, leaving a net unfunded liability of \$47.1 million. The recent changes by CalPERS will significantly increase this liability.

CalPERS's amortization of the unfunded liability amounts to \$3.9 million in this budget. In addition, in an attempt to deal with the dramatic increases in CalPERS costs over the next 10 years, the budget invests \$4.0 million in a PARS retirement trust fund to be used to offset CalPERS costs.

**Table 3: Retirement Funding – All Funds (millions)**

Estimated Amortization of Unfunded Liability	(\$3.9)
Cash Payments "pay go"	3.9
<u>Contributions toward Unfunded Liability</u>	<u>4.0</u>
Net Funding FY 17-18	\$4.0

**Deferred Maintenance:**

In 2011, staff conducted an assessment of the City's unfunded liabilities. One aspect of the evaluation was a determination of the annual shortfall in funding for buildings, streets and drains, parks, and recreation. The total annual shortfall for those general fund functions was \$6.1 million. This year's budget includes \$8.2 million toward these issues.

The information is summarized in the table below:

**Table 4: City Facility Annual Shortfall – General Fund Only (Millions)**

Buildings	\$(1.6)
Streets & Storm Drains	(4.0)
Parks & Recreation	(0.5)
<u>Budgeted FY 17-18</u>	<u>8.2</u>
Net Funding FY 17-18	\$ 2.1

### **“ALL-IN BUDGET”**

When we combine the proposed general fund budget and the unfunded liability shortfalls, an “all-in budget” can be shown to more accurately reflect the City’s true resource needs. This is an emerging practice in local government budgeting, at the leading edge of openness and transparency in municipal finance. The table below presents an “all-in budget” for FY 17-18.

**Table 5: “All-In” General Fund Budget (Millions)**

Proposed Sources (Revenues)	\$39.00
Proposed Uses (Expenditures)	( 39.44)
Use of Assigned Fund Balance	<u>0.44</u>
Net Operating	\$ 0.00
Retiree Health Care	(\$0.5)
Retirement Liability	4.0
City Facility Funding	<u>2.1</u>
Unfunded Liabilities Pay Down	\$5.60

The “all-in” analysis shows that for the coming year, after six years of economic growth, the City’s general fund making progress against long-term obligations and needs.

### **MUNICIPAL SOLVENCY**

We have identified four areas of municipal solvency. We want to achieve all four levels to ensure the provision of service meets the community’s needs now and in the future. The areas are described below.

1. Cash Solvency, represents the City’s ability to fund operations from current revenues, without resorting to borrowing funds. Until recently, the City’s cash solvency was at risk, but fiscal discipline and a modestly-improved economy,

along with the voters' support of Measures E and A, has allowed the City's situation to improve. **Achieved**

2. Budgetary Solvency, represents an operating budget in which revenues equal or exceed expenses. The City budgets have had deficits for approximately ten years, but for the first time in FY 14-15, again in FY 15-16 and now again in FY 16-17, the budget is balanced. However, with the increasing need to fund existing liabilities, and the expected slower growth in revenue compared to costs, it will be a challenge to maintain Budgetary Solvency from year to year. **Achieved**

3. Long-term Financial Solvency, represents long-term sustainability that includes the ability to sufficiently fund operating and capital expenses while maintaining an appropriate level of reserves. The City's extensive unfunded liabilities and slow growth in revenues compared to expenses create major challenges. **Close**

4. Service Level Solvency, or the ability to maintain or increase the level of services to the residents and businesses of Rohnert Park while remaining financially sustainable, is the ultimate goal of financial management. **Unachieved**

Thus, while the City has made substantial progress in recent years to achieve Cash and Budgetary Solvency, it faces major long-term challenges to Service Level Solvency. While Long-term Financial Solvency is met this year, the challenge is to maintain a sustainable level of funding towards unfunded liabilities through lean times.

## Conclusion

It's been a pleasure working with the city council, staff, and the community in developing this year's proposed budget. Seeing the hard work undertaken over the last five years—to better manage our finances—now paying off in a balance budget that funds improvements to the areas of concern for the council, staff, and the community is very gratifying.

A special "thank you" goes to Finance Director Betsy Howze and her budget staff Elizabeth Smith, Lori Newzell, and Yosselyn Valencia who worked tirelessly to bring together this high quality budget on-time.

## **OVERVIEW**

General Fund revenues provide essential funding for City services such as: maintenance of parks, facilities and infrastructure, public safety, and general services.

Since the recession, the City has seen a gradual recovery in most General Fund revenues. Some revenues have recovered to or exceeded pre-recession levels while others have found a new lower normal. FY 17-18 revenues are estimated at \$33.5M excluding transfers in, an increase of 4.4% over the FY16-17 budget of \$31.2M. Of the projected \$2.3M increase: \$1.1M is attributable to Licenses & Permits, \$.040M to Transient Occupancy Taxes, \$.03M to Franchise Fee increases, and \$.03M in Property Taxes.

## **SALES TAX**

Sales Tax revenue is the City's largest revenue source, providing approximately 32.0% of General Fund revenue. Sales Tax revenue is projected to increase in FY 17-18 by approximately \$45,000 or 0.4 %, for a total of \$10.75M. Revenue from sales tax has rebounded since the 2008 recession, due to an increase in overall retail sales as the economy recovers, and the passage of Measure E in 2010 adding a 0.5% increase in sales tax for a period of five years, and the subsequent passage of Measure A continues the tax indefinitely. The FY 17-18 increase recognizes a slight increase considering current sales tax trends.

The following chart depicts the 10-year history for Sales Tax revenue, inclusive of Measure E and Measure A revenues.

## **PROPERTY TAX**

Property Tax is the City's second largest revenue source, providing 11.7% of the General Fund revenue. Property Tax revenue is projected to increase \$0.3M or 7.7%. This increase is mainly due to a projected \$0.2M increase in Redevelopment Property Tax Trust Fund and \$0.1M in Secured Property Taxes revenue estimate for Rohnert Park in FY 17-18.

The following chart depicts the 10-year history for Property Tax revenue. The increase in FY 13-14 is directly attributable to an unusually large Redevelopment Property Tax Trust Fund (RPTTF) distribution from a true-up of the previous year's distribution. The residual RPTTF distribution began in FY 11-12, and has begun to be a more predictable revenue stream.

## **TRANSIENT OCCUPANCY TAX**

Transient Occupancy Tax (TOT) revenue is the City's fifth largest revenue source in FY 2017-18 providing approximately 9.8% of General Fund revenue. FY 17-18 TOT revenue is being projected more aggressively at \$3.3M due to continued strong tourism. Receipts from TOT continue to be an important source of revenue for the City.

The following chart depicts the 10-year history of Transient Occupancy Tax (TOT) revenue:

## **FRANCHISE FEES**

Franchise fees are paid to the City by Gas and Electric, Cable Television, and Refuse operations for the use of public streets. Franchise Fee revenue is projected to increase to approximately \$2.4M for FY 17-18. Franchise Fee revenue provides approximately 7.0% of General Fund revenue.

The projected Franchise Fee revenue from Pacific Gas & Electric is \$0.43M, which is a \$50,000 increase over FY 16-17. The City Franchise Fee received is 1% of the gross gas revenue and 1% of the gross electric revenue and is therefore subject to the fluctuations in energy rates and usage. As PGE&E costs rise, the City revenue increases accordingly.

The projected Franchise Fee revenue from Pacific Bell Telephone Company/AT&T California (AT&T) and Comcast Cable Communications Group is \$0.62M, an increase of \$40,000 over FY 16-17. Comcast Cable Communications Group and AT&T have entered into a State Video

Service Franchise Agreement whereby the City receives Franchise Fee revenue of 5% of gross receipts per the California Public Utility Code Section 5840(q)(1). The fee is subject to fluctuations in cable rates and subscriptions.

The projected Franchise Fee revenue from Rohnert Park Disposal and Industrial Carting is approximately \$1.3M for FY 17-18, a projected increase of \$200,000 over FY 16-17 budget. The City has an exclusive franchise agreement with Rohnert Park Disposal for refuse hauling service. The contract provides for a 17% franchise fee and an 8.5% Road Impact fee, based on gross receipts. The Road Impact Fee is reported in a Special Revenue Fund.

Additionally, the City has exclusive agreements with Rohnert Park Disposal and Industrial Carting to provide and haul debris boxes. The City receives a 15% Franchise Fee based on gross receipts for these services.

### **LICENSES & PERMITS**

The projected License and Permit revenue is projected at \$3.8M for FY 17-18. This projection reflects an increase of \$1.1M over the FY 16-17 budget due to the anticipated increase in building permit and building plan check fee revenues. Business license revenue is also included in this revenue category and is projected with a slight decrease over the FY 16-17 budget. Business licenses are required for retail, professional, semi-professional, general contractors, sub-contractors, wholesalers, and other classifications of businesses including residential rental property.

### **INTEREST & RENTS**

The majority of the City's cash is invested with the Sonoma County Investment Pool. This investment pool meets the City's investment policy and provides security of principal, and liquidity, while generating a better return on investment than the State run Local Agency Investment Fund.

Rental revenue is generated from various leases of City property such as the digital billboard, cell tower land leases, and other items. Projected revenue for FY 17-18 rentals is approximately \$0.5M with a slight projected increase over FY 16-17 budget due to escalator clauses in the various lease agreements.

### **INTERGOVERNMENTAL & GRANTS**

This category represents funds received from federal, state, and other local governments in the form of grants, shared revenues and payments in lieu of taxes. The projected revenue is \$3.5M, a very slight decrease over the FY16-17 budget.

The most significant revenue account in this category is the Vehicle License Fee that was part of the Property Tax Swap of 2004. This revenue, replaces a revenue stream that was part of a state-mandated shift of monies for schools in exchange for these vehicle license fee revenues and is projected at \$3.1M. This convoluted system of trade-offs is the result of a series of State of California budget maneuvers.

# **ECONOMIC DEVELOPMENT**

## **DEPARTMENT SERVICES MODEL**

### **CORE**

- Achieve objectives of the Economic Development Framework
- Emphasize economic development in all City programs
- Business Retention and Expansion/Outreach: Attend meetings with existing businesses arranged by the Chamber and assist them in finding capital, managing their business, expanding their markets and creating jobs
- Business Attraction/Marketing the City: Maintain marketing web site. Host events to promote a positive image of the City to prospective businesses, commercial real estate brokers, and bankers
- Business Attraction/Connecting Businesses with Sites: Recruit businesses for specific sites, and assist businesses in finding appropriate sites
- Tourism/Regional Marketing: Maintain presence in regional tourism marketing efforts in collaboration with Sonoma County Tourism. Promote Rohnert Park as a desired destination point for visitors to Sonoma County by showcasing our community's special qualities and amenities
- Tourism/Events: Attract and market tourist and community-focused events in partnership with other community organizations
- Tourism/Additional Venues: Encourage development of additional venues attractive to tourists, such as restaurants and hotels

## **MAJOR ACCOMPLISHMENTS COMPLETED IN FY 2016-2017**

- ✓ Conducted 5 business retention visits
- ✓ Collaborated with developers who purchased property in the City to maximize the potential for businesses on those properties, including the Press Democrat property, Padre Town Center, and Stadium Lands
- ✓ Continued regional economic development collaboration with most cities and the County, resulting in a new business and talent attraction website with the Economic Development Board
- ✓ Incorporated City branding, success stories for local businesses, and other material into business and visitor attraction sections on the City's new website
- ✓ Completed City's marketing brochure
- ✓ In collaboration with the Chamber of Commerce, launched 'Welcome to Rohnert Park' goody bag project for residents of new developments to promote local businesses

## **MAJOR GOALS FOR FISCAL YEAR 2017-2018**

- GOAL 1: Attract at least one retail business that generates significant sales taxes
- GOAL 2: Attract at least one new hotel that initiates construction
- GOAL 3: Develop a viable retail attraction strategy

- GOAL 4: Collaborate with regional efforts, including Sonoma County Tourism, other cities' economic development teams, and the private sector
- GOAL 5: Advocate for expansion of health and human services in Rohnert Park, where there is significant opportunities for leveraging City staff time

- Code Compliance
- Update and maintenance of building fee schedule to capture service costs adequately and appropriately
- Deliver capital projects from water, sewer, roads funding and grants

## **MAJOR TASKS COMPLETED IN FISCAL YEAR 2016-17**

- ✓ Entitled the Residences at Five Creek Project which completes the Stadium Area Master Plan and sets the stage for sale of City property for the benefit of the General Fund
- ✓ Entitled the Avram House Project with an innovative density bonus and completed sale of Avram/Commerce properties
- ✓ Processed the first final map in the Southeast Specific Plan Area and formed a partnership with the Housing Land Trust to administer affordable ownership opportunities in this area

- ✓ Secured title to the “Anderson 128” east of Petaluma Hill Road, which mitigates the City’s community separator impacts and help secure a grant for a trail from the City to Crane Creek Regional Park
- ✓ Adopted a “Water Capacity Charge” program to mitigate new development’s impacts on the City’s water system
- ✓ Initiated construction of the City’s first gravity water tank
- ✓ Managed a significant code enforcement case on the former State Farm property and recovered the City’s costs for this effort

## **MAJOR GOALS FOR FISCAL YEAR 2017/2018**

- GOAL 1: Initiate an update to the City’s General Plan
- GOAL 2: Continue to meet processing demands of major subdivision development in volume not seen in Rohnert Park in over 20 years without compromising the quality of facilities constructed by developers
- GOAL 3: Continue to strengthen support to City economic development efforts with improved interdepartmental communication, and prioritization and strategic coordination of private development and capital projects with particular focus on the Central Rohnert Park Priority Development Area
- GOAL 4: Complete design and initiate construction of the trail to Crane Creek Regional Park

## 5-Year Capital Improvement Program FY 17-18 to FY 21-22

### ProjectName

Southside Fire Station

### Category

310 - Facilities & Recreation - New

### Project No.

### CIP No.

OF-33

### Project Location

TBD

### Description

Construction of fire station located east of Highway 101 within the Sonoma Mountain Village Planned Development.

### "Project Owner" Department

Public Safety

### Implementing Project Manager

TBD

Project is in  
implementing  
department's  
work plan? ☐

### Project Status:

Not in current work plan

### Justification

This proposed facility replaces the Station 4 (Maurice Avenue Station) Expansion project proposed in the original Public Facilities Financing Plan. The increased land uses associated with the Sonoma Mountain Village Planned Development make an expansion of Station 4 -- located in a modified residential dwelling -- a less practical and viable public safety facility for the anticipated needs in the area.

## 5-Year Capital Improvement Program FY 17-18 to FY 21-22

### ProjectName

Trail to Crane Creek Regional Park

### Category

310 - Facilities & Recreation - New

### Project No.

2007-19

### CIP No.

PR-49

### Project Location

East of Petaluma Hill Road

### Description

Construction of multi-use trail connecting service road to Tank No. 8 (future water tank serving University District) east of Petaluma Hill Road to Crane Creek Regional Park. This trail is part of a multi-phased project connecting the Copeland Creek Bike Path at its terminus in Sonoma State University to the regional park.

### "Project Owner"

#### Department

Development Services

### Implementing

#### Project Manager

Project is in implementing department's work plan? ☒

### Project Status:

Anderson 128 property acquisition completed.

### Justification

The trail is shown in regional master plans for parks and open space. The City worked with Brookfield Homes to secure a dedication of trail easement on its property for the construction of a trail connecting the urbanized area of Rohnert Park and its citizens to nearby open space resources.

### FundingSources:

Open Space District matching grant, City in-kind match (staff time, value of water tank service road)

### ProjectName

Alicia Park Restroom Renovation

### Category

310 - Facilities/Rec - Rehab/Replace

### Project No.

2015-04

### CIP No.

PR-76

### Project Location

Alicia Park (300 Arlen Drive)

### Description

Replacement of restroom building. Includes vandalism-resistant surfaces and materials; ADA-compliant fixtures; lighting; and enhanced security features (auto locking doors, alarms, surveillance and exterior lighting).

### "Project Owner" Department

Public Works/Comm Svcs

### Implementing Project Manager

T. Zwilling

Project is in implementing department's work plan? ☒

### Project Status:

Construction completion in Spring 2017.

### Justification

The restrooms at parks throughout the City have been closed in recent years due to high maintenance costs to address general deterioration resulting from deferred maintenance, repairing damage from vandalism, and removing graffiti. The parks are well-used recreational resources however, and there is growing desire to once again provide adequate restroom facilities for park patrons.

## 5-Year Capital Improvement Program FY 17-18 to FY 21-22

### ProjectName

Parks Restrooms Rehab / Replacement

### Category

310 - Facilities/Rec - Rehab/Replace

### Project No.

2016-10

### CIP No.

PR-92

### Project Location

Magnolia Park, Sunrise Park, Dorotea Park, Eagle Park, Golis Park

### Description

Rehabilitation and/or replacement of park restroom facilities, including installation of vandalism-resistant surfaces and materials; ADA-compliant fixtures; lighting; and enhanced security features (auto locking doors, alarms, surveillance and exterior lighting).

### "Project Owner" Department

Public Works / Comm Svcs

### Implementing Project Manager

T. Zwilling

Project is in  
implementing  
department's  
work plan? ☐

### Project Status:

Design in progress.

### Justification

The restrooms at parks throughout the City have been closed in recent years due to high maintenance costs to address general deterioration resulting from deferred maintenance, repairing damage from vandalism, and removing graffiti. The parks are well-used recreational resources however, and there is growing desire to once again provide adequate restroom facilities for park patrons.

## 5-Year Capital Improvement Program FY 17-18 to FY 21-22

### ProjectName

Alicia Pool Building & Grounds Demolition

### Category

310 - Facilities/Rec - Rehab/Replace

### Project No.

2017-29

### CIP No.

PR-99

### Project Location

Alicia Pool (300 Arlen Drive)

### Description

Demolition of former pool building at Alicia Park, removal of remaining pool coping and other remnants at the former pool grounds

### "Project Owner" Department

Public Works / Comm Svcs

### Implementing Project Manager

TBD

Project is in implementing department's work plan? ☐

### Project Status:

Awaiting CIP budget approval for project initiation

### Justification

The former pool building is not in use. Demolition of the structure would not only prevent nuisance attraction that such an unused building poses, but it would also open up additional space for other park uses such as picnic grounds, etc.

## 5-Year Capital Improvement Program FY 17-18 to FY 21-22

### ProjectName

SMART Median Improvements

### Category

310-Transportation-Expansion/New

### Project No.

2017-19

### CIP No.

TR-113

### Description

Installation of safety measures such as gates and curb medians / traffic separators at railroad crossings as needed to meet implementation requirements for designated Quiet Zone on SMART Corridor.

### Project Location

SMART railroad crossings at Southwest Blvd, Rohnert Park Expressway, and Golf Course Drive

### "Project Owner" Department

Development Services

### Implementing Project Manager

V. Garrett

Project is in implementing department's work plan? ☒

### Project Status:

Project scoping.

### Justification

There has been interest in the establishment of a Quiet Zone -- a stretch of railroad track where trains do not routinely sound their horns at grade crossings -- where the SMART operating line comes through Rohnert Park. Among other steps to establish a Quiet Zone, certain safety measures must be installed that reduce the risk of road users unsafely crossing the tracks.

## 5-Year Capital Improvement Program FY 17-18 to FY 21-22

### ProjectName

2019-22 Various Streets Maintenance

### Category

310-Pavement Preservation Cap Proj

### Project No.

### CIP No.

TR-118

### Description

Preventative maintenance or rehabilitation of streets as prioritized by City's Pavement Management Program

### Project Location

Various locations Citywide

### "Project Owner" Department

Development Svcs

### Implementing Project Manager

TBD

Project is in  
implementing  
department's  
work plan? ☐

### Project Status:

Not in current work plan.

### Justification

MTC uses preventative maintenance to inform the allocation of regional funds for local street and road ("LSR") maintenance. The Traffic Relief Act of Sonoma County ("Measure M") which also provides LSR funds, requires jurisdictions to show a "maintenance of effort" in preventative maintenance. This program fulfills these obligations to budget, plan, and execute such a program to keep streets in good condition.

## 5-Year Capital Improvement Program FY 17-18 to FY 21-22

### ProjectName

Golis Park Parking Lot Repairs

### Category

310-Other Infrastructure Rehab

### Project No.

2017-23

### CIP No.

PR-100

### Project Location

Golis Park (1450 Golf Course Drive)

### Description

Repair of west end of Golis Park parking lot, including asphalt repair; repair or replacement of adjacent concrete curb and sidewalk; potential storm drain structure repair.

### "Project Owner" Department

Public Works / Comm Svcs

### Implementing Project Manager

TBD

Project is in implementing department's work plan? ☐

### Project Status:

Awaiting CIP budget approval for project initiation.

### Justification

In addition to having failed pavement, the parking lot regularly experiences drainage problems at the west end, resulting in pooled water, which further deteriorates the parking lot.

### ProjectName

Traffic System Signal Needs Study

### Category

Transportation System Non-Capital

### Project No.

2016-07

### CIP No.

TR-104

### Description

Study of operations of existing traffic signal infrastructure and programming

### Project Location

### "Project Owner" Department

Development Services

### Implementing Project Manager

A. da Rosa

Project is in  
implementing  
department's  
work plan? ☒

### Project Status:

In progress.

### Justification

There has been anecdotal evidence of traffic delays at certain signalized intersections. Also as a result of planned growth, the City will be bringing on-line, five new traffic signals on Snyder Lane and Rohnert Park Expressway east of Snyder Lane. The study will focus on existing infrastructure, to ensure that the existing traffic signals are operating as effectively as possible, and will also provide a master plan for operations of and improvements to our traffic signal system.

## 5-Year Capital Improvement Program FY 17-18 to FY 21-22

### ProjectName

Hwy 101 Bike/Ped Crossing Feasibility Study

### Category

Transportation System Non-Capital

### Project No.

2017-17

### CIP No.

TR-117

### Description

Study to determine the feasibility and planning-level cost of a bicycle and/or pedestrian crossing of Highway 101 within the Rohnert Park City Limits

### Project Location

Study area limits are along Highway 101, bounded by Commerce Boulevard to the north and approx. Laguna Channel to the south.

### "Project Owner" Department

Development Services

### Implementing Project Manager

TBD

Project is in  
implementing  
department's  
work plan? ☒

### Project Status:

Awaiting approval of CIP to initiate project.

### Justification

The Rohnert Park Bicycle and Pedestrian Master Plan identifies a bicycle/pedestrian crossing of Highway 101 as a high priority project. While bicycle and pedestrian facilities exist on the Rohnert Park Expressway overcrossing as well as the Golf Course Drive undercrossing, there is a perception of high safety risk for bike/ped users of these facilities. Measure M provides specific funding for the study of bike/ped crossings of Highway 101.

## 5-Year Capital Improvement Program FY 17-18 to FY 21-22

### ProjectName

Interceptor Outfall Rehabilitation - Ph. 2

### Category

Wastewater System (Fund 540)

### Project No.

2011-04

### CIP No.

WW-08

### Project Location

West of Rohnert Park to Subregional Treatment Plant

### Description

Rehabilitation of 30 year old sewer pipeline between Rohnert Park and Santa Rosa Subregional Sewerage Plant on Llano Road. Includes upgrades to pump station. (Also called "Interceptor Outfall - Phase 2" in PFFP.) Preliminary engineering study identified necessary repairs, including slip-lining and repair/replacement of certain gravity sections.

### "Project Owner"

#### Department

Development Services

### Implementing

#### Project Manager

M. Pawson

Project is in implementing department's work plan? ☒

### Project Status:

Cured-in-place lining, spool and gravity-section replacement has been completed over the past several years. Project scoping will commence on the next rehabilitation projects when needed.

### Justification

The Interceptor Outfall system alignment crosses areas of sensitive habitat, including creeks and wetlands in the Laguna de Santa Rosa watershed. In order to protect public health and water quality and avoid spills of raw sewage that have the potential to violate the City's water quality permit for its collection system, the City has been systematically upgrading the Interceptor Outfall system to minimize risk of failure.

WW-21

### Project Location

Under Hwy 101 at Rohnert Park Expressway overcrossing

### Description

This project addresses two sewer pipe crossings under Highway 101: one under the Clausen Overcrossing (aka Rohnert Park Expressway Overcrossing) and the other north of the Rohnert Park Expressway / Hwy 101 ramps. The pipe under the Clausen overcrossing will likely be sliplined. The pipe farther north will be lined, rehabilitated, or replaced (i.e. jack and bore of new line, and abandonment of old line).

2011-03

### CIP No.

WA-28

### Project Location

Citywide

### Description

Installation of meters on un-metered City properties and backflows where needed. Separate school and park irrigation water where shared.

### "Project Owner" Department

Public Works

### Implementing Project Manager

M. Henderson

Project is in implementing department's work plan? ☐

### Project Status:

Project is designed.

### Justification

City is currently paying for irrigating some school properties since only one meter is on-site. Separating the flows will give the City ability to know how to charge water usage to school district.

## 5-Year Capital Improvement Program FY 17-18 to FY 21-22

### ProjectName

Water Leak Services Project

### Category

Water System (Fund 541)

### Project No.

2015-15

### CIP No.

WA-40

### Description

Prioritized and systematic repairs of water services throughout the City.

### Project Location

Various locations Citywide

### "Project Owner" Department

Public Works

### Implementing Project Manager

TBD

Project is in  
implementing  
department's  
work plan? ☐

### Project Status:

On hold.

### Justification

Water leaks are occurring with increasing frequency as the City's water infrastructure ages. Water leaks not only waste potable water; they damage streets as water seeps into the road structure and pose potential non-stormwater runoff issues.

### ProjectName

Water Systems Controls and Telemetry

### Category

### Project No.

### CIP No.

WA-44

### Description

Upgrade of water telemetry system

### Project Location

Citywide

### "Project Owner" Department

### Implementing Project Manager

M. Henderson

Project is in  
implementing  
department's  
work plan? ☒

### Project Status:

Awaiting CIP budget approval for project initiation.

### Justification

Telemetry is important in water pumping and distribution management, including include well monitoring, leak detection in distribution pipelines and equipment surveillance. Having data available in almost real time allows quick reactions to events in the field, such as remotely switching pumps on or off depending on the circumstances.

1) Seasonal and part time employees' FTE are based on projected hours to be worked. City Manager is authorized to add and delete temporary part-time job classifications and administrative downgrades of regular permanent positions to existing lower level job classifications as needed to meet the needs of the City, so long as the changes do not exceed the limits of the adopted budget.

## FUND STRUCTURE AND BASIS OF BUDGETING

---

In accordance with generally accepted principles, the City's financial reporting system is organized on a fund basis. The City's various funds are structured to segregate and identify those financial transactions and resources associated with providing specific activities or programs in conformance with special regulations, restrictions, or limitations.

The basis of accounting used for purposes of financial reporting is in accordance with generally accepted accounting principles (GAAP). The basis for each of the funds are not necessarily the same as the basis used in preparing the budget document. The City of Rohnert Park uses the modified accrual basis for budgeting governmental funds. This basis is the method under which revenues and other financial resources are recognized when they become both "measurable" and available to finance expenditures of the current period. Budgets are prepared for each fund.

### DESCRIPTION OF FUNDS:

**General Fund:** One of five governmental fund types. The general fund typically serves as the chief operating fund of a government. The General Fund is used to account for all financial resources except those required to be accounted for in another fund. General Fund revenues are used to support city services such as police, fire, streets, parks and recreation.

**Enterprise Funds:** Proprietary fund type used to report an activity for which a fee is charged to external users for goods or services. The City has five Enterprise Funds:

- The Water Fund accounts for water production to City residents, including, but not limited to operations, maintenance, financing and related debt service, and billing and collections.
- The Sewer Fund accounts for sewage disposal to City residents, including, but not limited to, operations, maintenance, financing and related debt service, and billing and collections.
- The Recycled Water Fund accounts for recycled water production to City residents, including, but not limited to operations, maintenance, billing and collections.
- The Refuse Fund accounts for the remaining assets held in the fund upon the adoption of Ordinance No. 851 in which the City transferred refuse billing and rate setting responsibilities over to an independent contractor. Prior to the adoption of Ordinance No 851, the fund was used to account for the refuse billing and collection services performed by the City.
- The Golf Course Fund accounts for city golf course activity to City residents, including, but not limited to, operations, maintenance, financing and related debt service, and billing and collections.

**Internal Service Fund:** Proprietary fund type that may be used to report any activity that provides goods or services to other funds, department, or agencies of the primary government and its component units, or to other governments on a cost-reimbursement basis. The City has four Internal Service Funds.

## FUND STRUCTURE AND BASIS OF BUDGETING

---

- Information Technology Fund accounts for:
  - All costs related to compliance with State, Federal and Local laws regarding the privacy, security and reliability of its data.
  - Maintenance of:
    - The City network.
    - The City phone network.
    - All City computers and servers.
    - All City software.
- Technology Replacement Fund accounts for the accumulation of funds for future technology replacement.
- Fleet Services Fund accounts for:
  - Costs related to vehicle maintenance and repairs, including, but not limited to emission testing, hazardous materials handling/disposal, and preventative maintenance programs.
- Vehicle Replacement Fund accounts for the accumulation of funds for future vehicle replacement.
- Infrastructure Replacement Fund accounts for the accumulation of funds for future infrastructure capital outlay.

**Special Revenue Funds:** Governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes. The City has many Special Revenue Funds.

**Capital Projects Funds:** Governmental fund type used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

**Permanent Funds:** Governmental fund type used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs (i.e., for the benefit of the government or its citizenry) The City has one Permanent Fund; the Spreckels Endowment Permanent Fund.

**Private-Purpose Trust Funds:** Fiduciary trust fund type used to report all trust arrangements, other than those properly reported in pension trust funds or investment trust funds, under which principal and income benefit individuals, private organizations, or other governments. The City has three Private-Purpose Trust Funds:

- Redevelopment Successor Agency Fund created to serve as custodian for the assets and to wind down the affairs of the Community Development Commission pursuant to the Redevelopment Dissolution Act.
- State Asset Seizure Fund accounts for assets held by the City, in an agency capacity, for State assets seized pursuant the Comprehensive Crime Control Act of 1984.
- Federal Asset Seizure Fund accounts for assets held by the City, in an agency capacity, for Federal assets seized pursuant the Comprehensive Crime Control Act of 1984.

## **BUDGET AND FISCAL POLICIES**

---

### **RESERVES**

- A. The City shall maintain a General Fund Reserve balance of 10% of total operating expenditures. The purpose of this reserve is to adequately provide for:
  - 1. Economic uncertainties and financial hardships or downturns in the local or national economy.
  - 2. Cash flow requirements
  - 3. Future debt or capital obligations
  - 4. Legal requirements
- B. The City shall maintain a Contingency Reserve of 5% of total operating expenditures to provide adequate capital in the event of a local disaster or unanticipated fiscal crisis.
- C. The City shall maintain a Vehicle and Equipment Replacement Fund funded by annual set-asides based upon straight-line depreciation for each vehicle over the course of its lifecycle and budgeted as part of the annual budget development process.
- D. The City shall maintain an Infrastructure Reserve Fund to accumulate resources for ongoing or future capital expenditures
- E. The City shall maintain a Reserve for Self-Insured Losses equivalent to 50% of the annual premium plus the average deductible. All insurance refunds will be transferred back to this reserve.
- F. The City shall strive to maintain a Retirement Reserve equivalent to 25% of the annual PERS retirement cost to offset fluctuations in PERS retirement rates.

## **CAPITAL FINANCING AND DEBT MANAGEMENT**

---

- A. The City will use debt financing only for one-time capital improvement projects. The project's useful life must exceed the term of the financing and the project revenues or source(s) of funding must be sufficient to meet the long-term debt obligation.
- B. Debt financing will not be used for any recurring operating or maintenance expenditures.
- C. Capital improvements will be financed primarily through user fees, service charges, assessments, special taxes or developer agreements when the benefit is attributable to a specific user.
- D. The City will seek an investment grade rating of Baa/BBB or greater on all issuances.
- E. The City will maintain compliance with all bond covenants and arbitrage regulations.
- F. The City will provide full disclosure on all financial reports and Official Statements.
- G. The City will conduct periodic reviews of all outstanding debt to determine opportunities for refinancing that provide a net economic benefit.

## **FINANCIAL REPORTING AND BUDGET ADMINISTRATION**

---

- A. The City shall prepare an annual balanced budget based on the Council's goals and objectives.
- B. The Council shall formally review the City's fiscal condition and amend appropriations if necessary, six months after the beginning of each fiscal year.
- C. Resolution 2015-056, adopted March 24, 2015, defines the level of budgetary control and appropriations transfer authorities for all entities under the direction of the Rohnert Park City Council. The level of authority needed to amend the adopted budget is contained therein.
- D. City staff will prepare annual financial statements in accordance with generally accepted accounting principles and will strive to meet the requirements of the GFOA's Award for Excellence in Financial Reporting program.
- E. The City will contract with an independent auditing firm to perform an annual audit of the City's finances. The City will strive to achieve an unqualified auditor's opinion.
- F. The City will issue audited financial statements within 180 days after the fiscal year-end.
- G. City staff will prepare a formal quarterly report for the City Manager and City Council.

EXHIBIT "A"  
CITY OF ROHNERT PARK  
INVESTMENT POLICY FOR IDLE FUNDS

The City has a fiduciary responsibility to maximize the productive use of assets entrusted to its care and to invest and manage those public funds wisely and prudently, therefore, as a general law city, the City of Rohnert Park operates its pooled idle cash position under a prudent man's rule. This affords the City a broad spectrum of investment opportunities so long as the investment is deemed prudent and is allowable under current legislation of the State of California Government Code and the local ordinances of the City of Rohnert Park.

In addition, the City recognizes that it has an equal obligation to be aware of the social and political impacts of its investments, and subsequently to act responsibly in making its financial decisions.

The City shall not knowingly make any investments in any institution, company, corporation, subsidiary or affiliate that practices or supports directly or indirectly through its actions discrimination on the basis of race, religion, color, creed, national or ethnic origin, age, sex, sexual preference, or physical disability.

The City shall strive to make investments that benefit the local area and are consistent with municipal plans and policies. Priority should be given to investments that promote community economic development, i.e. doing business with local banks provided that the criteria for safety, liquidity and yield are met.

The City of Rohnert Park shall strive to maintain the level of investment of all idle funds as near 100% as possible, through daily and projected cash flow determinations. Idle cash management and investment transactions are the responsibility of the Finance Department and investments are made in the following media:

- \* Local Agency Investment Fund (L.A.I.F.) demand deposits
- \* Sonoma County Investment Pool (S.C.I.P.)
- \* Securities of the U.S. Government or its agencies
- \* Certificates of Deposits (or Time Deposits), placed with commercial banks, savings and loan companies, thrift and loan companies and credit unions.
- \* Negotiable Certificates of Deposit
- \* Bankers Acceptances
- \* Commercial Paper
- \* Passbook Savings Account demand deposits
- \* Mutual Funds (dollar for dollar only, no principal fluctuation); funds invested in U.S. Government securities only.

Criteria for selecting investments, and the order of priority, are:

1. Safety
2. Liquidity
3. Yield

Government and agency paper, and repurchase agreements, are the highest quality investments available in terms of safety and liquidity. Certificates of deposits, savings accounts and bankers acceptances are insured or collateralized.

Most investments are highly liquid, with the exception of collateralized certificates of deposits held by banks, savings and loans, thrift and loans, and credit unions. Maturities shall be selected to anticipate cash needs, thereby avoiding the need for forced liquidation.

The City shall attempt to obtain the highest yield obtainable when selecting investments, provided that criteria for safety and liquidity are not compromised.

The City shall attempt to stagger its maturities to meet anticipated cash needs in such a way that new investment money can be placed in maturities that carry a higher rate than is available in the extremely short market of thirty days or under.

The City shall lengthen its maturities when rates are falling and shorten maturities when rates are rising. The City shall attempt to take advantage of imperfections in the market where a security's price is out of line with other investments, and try to improve yields during contracyclical changes in interest rates through the purchase of occasional odd lots that are offered at bargain prices.

The basic premise underlying the City's investment philosophy is to ensure that money is always safe and available when needed and at the same time reaping the highest and best rate of return, on the City's idle funds.

The City Treasurer shall issue monthly Treasurer Reports (Cash Reports) that contain the following information:

1. Par and market value of investments.
2. Disclosure of source of market valuation.
3. Disclosure stating compliance with investment policy
4. Disclosure stating ability to meet expenditure requirements for the following six months.
5. The reports shall be prepared within 30 days after the end of the month being reported on pursuant to California Government Code Section 53646.

SUBJECT	POLICY NO.	RESO. NO.	EFF. DATE	PAGE
<b>FISCAL POLICY: USE OF RESTRICTED RESERVE FUNDS</b>	415.35	2011-56	6/28/2011	1 OF 1

**PURPOSE**

The City of Rohnert Park has established a number of Restricted Reserve Funds enabling carryover of funds from year to year, to help meet long-term financial goals. The below policy establishes criteria for use of these Funds, to help ensure consistency in fund allocation and long-term financial sustainability.

**POLICY**

Effective with the 2011-2012 fiscal year, the City shall establish the following Restricted Reserve Funds:

1. General Fund Reserve
2. Capital Vehicle Replacement
3. Facility Improvements
4. Capital Improvement Infrastructure

Restricted Reserve Funds may be accessed for purposes other than those for which they were established only under extraordinary circumstances, which include:

- Costs related to natural or human-made disasters;
- Costs associated with major and extended economic downturns;
- Needs resulting from significant reductions in State budget allocations; and
- Significant unexpected and unbudgeted operational costs that cannot be met with current General Fund allocations.

The City Manager will first evaluate the City's financial condition and circumstances indicating a possible need to access Restricted Reserve Funds, and make a recommendation to City Council. A four-fifths affirmative vote by City Council is then required prior to use of Restricted Reserve Funds for any purpose other than those for which they were established. Funds shall be replenished at the rate of 50% the following fiscal year and 50% the subsequent fiscal year, unless otherwise determined by City Council.

<b>FISCAL POLICY:</b> <b>VEHICLE REPLACEMENT</b>	415.37	2011-56	6/28/2011	1 OF 2

**PURPOSE**

The purpose of the Vehicle Replacement Policy is to establish a Vehicle Replacement Fund and criteria for a Vehicle Replacement Schedule, which will ensure vehicles are funded and replaced according to their anticipated lifecycle, reduce maintenance costs, and eliminate reliance on the operating budget and large cash outlays for vehicle purchases.

**DEFINITIONS**

**Depreciation:** means the decrease in value due to wear and tear, decay, decline in price, etc.

**Capital Replacement Fund:** means a plan for capital expenditures and the means of financing them, to be incurred each year over a fixed period of years, to meet capital needs arising from long-term work program.

**Fleet Manager:** means the staff person responsible for managing the repair, replacement and maintenance of the City's vehicle fleet and equipment inventory.

**Operating Fund:** means a programmatic, financial, and organizational plan for furthering the goals of the City Council through departments of the City, which does not include capital improvement projects.

**Straight-Line Depreciation:** means the depreciation of an asset by a fixed percentage of its original cost based on its estimated life

**Vehicle Depreciation Schedule:** means the programmatic plan used to calculate the replacement of City vehicles and equipment.

**POLICY**

The City of Rohnert Park's vehicle replacement and depreciation schedule is maintained by the Department of Public Works and specifically managed by the Director and Fleet Manager.

Vehicle Replacement criteria are determined by anticipated useful service life. Typically, this is based upon the type of vehicle and its usage. A vehicle will be replaced according to these established criteria unless the Department Head(s) and Fleet Manager determine that: 1) mechanical failure or vehicle damage warrants earlier replacement, or 2) the vehicle is still serviceable and may serve additional years beyond its original anticipated service life.

Funding for vehicle replacement shall be incrementally allocated from department operating funds to a restricted capital replacement fund -the Vehicle and Equipment Replacement Fund. Future vehicle replacements will be funded from the Vehicle Replacement Fund, which receives accumulated operating fund transfers based on the Vehicle Depreciation Schedule.

SUBJECT	POLICY NO.	RESO. NO.	EFF. DATE	PAGE
<b>FISCAL POLICY:</b> <b>VEHICLE REPLACEMENT</b>	415.37	2011-56	6/28/2011	20F2

Funding will consist of an annual set-aside based upon a **straight-line** depreciation for each vehicle over the course of its lifecycle and budgeted as part of the annual budget development process.

Depreciation fees shall commence the same fiscal year of each new and replacement vehicle purchase. Depreciation expenses shall be expensed from the respective department operating budget and deposited into the Vehicle Replacement Fund. Depreciation expenses shall continue through the service life of the new vehicle and shall cease upon retirement of said vehicle.

#### **Calculating the Annual Set-aside**

The annual set-aside is calculated by determining the future value of a vehicle and using straight-line depreciation. This method determines the dollar amount that will be set aside each year throughout the vehicle's lifecycle.

For example, a Crown Victoria costing \$26,000 in 2003 has a useful life of 10 years. It is scheduled to be replaced in 2013 and is estimated to cost approximately \$35,000. The annual set-aside amount for this vehicle would be \$3,500. Funding will be **allocated** to the Vehicle Replacement Fund each year and will be used to purchase the new vehicle when it reaches the end of its lifecycle.

#### **Retired Vehicles**

All replaced vehicles shall be removed from the Vehicle Depreciation Schedule and removed from the active City Fleet. Retired Vehicles shall be disposed of through surplus sale by Resolution of the City Council of the City of Rohnert Park

#### **Surplus Property**

Funds received through the resale of any vehicle removed from City services will be deposited in the Vehicle Replacement Fund to help defray unanticipated new vehicle cost increases.

<b>FISCAL POLICY: USE OF RESTRICTED CAPITAL RESERVE FUNDS FOR INFRASTRUCTURE, FACILITIES AND EQUIPMENT, AND USE OF GENERAL FUND SURPLUS</b>	415.36	2011-56	6/28/2011	1 OF 2

**PURPOSE**

*Capital Reserve:* Restricted Capital Reserve Fund accounts can be established to accumulate resources for ongoing or future capital expenditures. Capital costs include, e.g., deferred maintenance, streets and landscaping, vehicles, and complex facility projects generally taking more than one fiscal year to complete and/or not part of the City's recurring operations and expenditures.

Reserve accounts help to ensure appropriate infrastructure is in place, costly equipment can be purchased and replaced, and facility construction and rehabilitation completed when needed. Through annual budgeting, capital costs can be managed according to a predetermined priority system that facilitates better planning and integration with the City's operating budget. Project interrelationships can be better recognized, and the timing of projects coordinated to minimize expenditures.

*General Fund Surplus:* The City at times realizes an operating (General Fund) surplus at fiscal year end, due to cost-cutting measures, revenue in excess of projections, and/or operational modifications. Inconsistent criteria have been applied regarding use of these surpluses.

**POLICY**

Restricted Capital Reserve Fund accounts may be established for either governmental or enterprise capital purposes; however, the purpose must be stated when the fund is created. Restricted Capital Reserve Fund accounts must originate through a City Council-adopted resolution or ordinance.

Capital projects identified for funding through Restricted Capital Reserve Fund accounts may be financed in whole or part by bond proceeds, notes, or other debt instruments as approved by the City Council, individually by project or through the annual budget process. Restricted Capital Reserve Fund accounts may also be funded through appropriations from any other fund, when consistent with limitations imposed by this and other applicable governmental fiscal policies and procedures, and the City's Municipal Code.

Budgets for projects or equipment identified for funding through Restricted Capital Reserve Fund accounts will be adopted one time, and should include all necessary expenditures. Projects and expenditures will be reviewed on an annual basis in conjunction with the City's regular budget

process. At that time, new projects may be added, and projects determined to be less critical or unnecessary may be postponed or deleted, subject to City Council approval.

City Council may authorize use of Restricted Capital Reserve funds for a different purpose at a later date by amending the appropriate resolution or ordinance; however, the funds must still be used for capital purposes.

Transfers from a Restricted Capital Reserve Fund account must be authorized by the City Council through an ordinance or resolution. City Council authorizes a transfer only for a purpose specified in the original resolution or ordinance establishing the fund, or in an amendment to the original resolution or ordinance. The resolution or ordinance should authorize the withdrawal in the form of an appropriation from the reserve fund to another capital fund. Transfers to other funds are the only types of appropriations that may be made to a restricted capital reserve fund, and cannot exceed the amount of available funds in the reserve fund.

The cash balance of Restricted Capital Reserve Fund accounts may be deposited or invested as consistent with the City's Municipal Code and other applicable governmental fiscal policies and procedures.

If, at the close of any fiscal year, an operating (General Fund) surplus exceeds \$500,000, surplus funds are to be allocated as follows:

50% to the City's Contingency Fund

50% to the City's Restricted Reserve Funds, apportioned as indicated below

- 20% General Fund
- 10% Capital Replacement
- 10% Facility Maintenance
- 10% Infrastructure

General Fund surpluses below \$500,000 may be distributed to other City funds and accounts at the discretion of the City Manager, in accordance with other financial policies and procedures.

## **RESOLUTION NO. 2015-056**

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROHNERT PARK AUTHORIZING AND APPROVING THE CITY MANAGER AND FINANCE DIRECTOR TO IMPLEMENT AN APPROPRIATIONS AMENDMENT PILOT PROJECT INCORPORATED AS EXHIBIT A**

**WHEREAS**, the City of Rohnert Park, annually adopts a budget; and the City Council has the authority to authorize amendment of the budget; and

**WHEREAS**, the City Council previously adopted Policy Number 415.38 via Resolution 2014-44, which defined the level of budgetary control and delegated authority for certain transfers and revisions to the adopted budget; and

**WHEREAS**, the City Council adopted the policy with the intent of being more efficient; and

**WHEREAS**, the City of Rohnert Park audit for FY 2013-14 was issued in December 2014 by the City's auditor, Macias, Gini, and O'Connell; and

**WHEREAS**, the management letter provided by the auditor noted an issue with regard to the City's budgetary controls over expenditures in the General Fund; and

**WHEREAS**, the auditor noted that upon initial set up of the City's budget in the general ledger, actual costs can exceed budgeted amount per expense line item category, and this comment was based on their review and application of the City's current policy; and

**WHEREAS**, the Finance Department has a current staffing shortage of two vacant positions, and it is desirous to be as efficient as possible while addressing the auditor's interpretation of our current policy; and

**WHEREAS**, staff is proposing a pilot project that would change the overall level of control to the department level and address certain items not previously addressed in the FY 2014-15 Budget that will be included in the FY 2015-16 Budget.

**NOW, THEREFORE, BE IT RESOLVED**, by the City Council of the City of Rohnert Park that it does hereby authorize and approve the City Manager and Finance Director to implement the Appropriations Amendment Pilot Project incorporated as Exhibit A.

**DULY AND REGULARLY ADOPTED** this 24<sup>th</sup> day of March, 2015.

### CITY OF ROHNERT PARK APPROPRIATIONS AMENDMENT PILOT PROJECT

#### **PURPOSE:**

To define the level of budgetary control and appropriation transfer authorities for all entities under the direction of the Rohnert Park City Council. This project describes the level of authority needed to amend the adopted budget.

#### **APPROPRIATIONS AMENDMENT PILOT PROJECT:**

City Council approves except as noted:

- Increases in appropriations from unanticipated revenues or fund balance/retained earnings within a department or fund. (Existing Policy)
- Transfers of appropriations between funds, departments, or program budgets. (Existing Policy)
- Decreases in appropriations, with the exception that the City Manager may direct Department Heads to suspend expenditures as needed to respond to emerging negative fiscal conditions. (Existing Policy)

City Manager or Designee approves as follows:

- Without increasing overall appropriations, the City Manager (or designee) would have authority to allow spending to exceed an individual line item, up to the amount of the overall budget for a similar category such as salaries/benefits or services/supplies.
- Without increasing overall appropriations, the City Manager would have unlimited authority for adjustments between categories or program budgets within a department.
- Without increasing overall appropriations, the City Manager would have authority to move City Manager contingency funds to the appropriate department for expenditure in accordance with GAAP.
- Without increasing overall appropriations, the City Manager would have authority to move appropriations between General Fund departments up to 1% of the Adopted Budget (\$310,300 FY 2014-15)
- City Manager/Finance Director would have the authority to appropriate developer deposits for expenditure. This type of work is already happening, using a non-GAAP process. This would be only for cost reimbursement projects where developers are providing funds for staff services. Contracts over \$50,000 would be approved by City Council in accordance with the City's purchasing policy.

- City Manager/Finance Director would have the authority to estimate and appropriate anticipated developer fees for Specific Plans. This type of work is already happening, using a non-GAAP process. These costs are fully reimbursed to the City based on existing agreements. Contracts over \$50,000 would be approved by City Council in accordance with the City's purchasing policy.
- Without increasing overall appropriations, the City Manager would have the authority to best implement Capital Improvement Projects, by transferring appropriations and revenue sources between projects.
- Finance Director would have the authority to carry forward to FY 2015-16 certain appropriations remaining at the end of the fiscal year. These would include amounts legally encumbered at the end of FY 2014-15, and any unspent appropriations for Capital Projects or Equipment that will be needed in the next fiscal year to fund the project or purchases that were delayed.
- City Manager would have authority to suspend expenditures as needed to respond to emerging negative fiscal conditions. (Existing Policy)

## GLOSSARY

---

**Adopted Budget:** The annual City budget as approved by the City Council on or before June 30.

**Amended Budget:** The adopted budget including changes made during the fiscal year.

**Appropriation:** The legal authority to spend funds. Unless otherwise encumbered, appropriations lapse at the end of the fiscal year.

**Assessed Valuation:** A dollar value placed on real estate by counties as a basis for levying property taxes.

**Audit:** Scrutiny of the City's accounts by an independent auditing firm to determine whether the City's financial statements are fairly presented in accordance with generally accepted accounting principles.

**Beginning Balance:** Unencumbered resources available in a fund from the prior fiscal year after payment of prior fiscal year expenditures.

**Bond:** Capital raised by issuing a written promise to pay a specified sum of money, called the face value or principle amount, with interest at predetermined intervals.

**Budget:** A fiscal plan of financial operation listing an estimate of proposed expenditures and the proposed means of financing them.

**Business License Tax:** A tax levied on persons or companies doing business in Rohnert Park, which must be annually.

**California Public Employees' Retirement System (CalPERS):** The retirement system, administered by the State of California, to which all permanent City employees belong.

**Capital Asset:** The City defines capital assets as land; new infrastructure projects over \$100,000; buildings and improvements over \$25,000, and equipment over \$5,000 that are used in operations with an estimated useful life in excess of one year.

**Capital Improvement Plan (CIP):** The five-year financial plan for improving asset and integrating debt service and capital assets maintenance.

**Certificates of Participation (COPs):** A lending agreement secured by a lease on the acquired asset or other assets of the City.

**Debt Service:** Payment of the principle and interest on an obligation resulting from the issuance of bonds, notes, or certificates of participation (COPs).

**Debt Service Fund:** A fund established to finance and account for the payment of interest and principal on all general obligation debt, other than that payable exclusively from special assessments and revenue debt issued for and serviced by a governmental enterprise.

**Deficit:** An excess of expenditures over revenues (resources).

**Department:** An organizational unit comprised of divisions or functions. It is the basic unit of service responsibility encompassing a broad mandate of related activities.

**Encumbrances:** A legal obligation to pay funds for expenses yet to occur, such as when a purchase order has been issued but the related goods or services have not yet been received. They cease to be encumbrances when the obligations are paid or terminated.

## GLOSSARY

---

**Enterprise Fund:** A type of fund established for the total costs of those governmental facilities and services which are operated in a manner similar to private enterprise. These programs are entirely or predominantly self-supporting through user charges. May also be referred to as Proprietary Funds.

**Expenditure:** The actual spending of governmental funds.

**Fiscal Year:** A twelve-month period of time to which a budget applies. In Rohnert Park, it is July 1 through June 30.

**Full Time Equivalent (FTE):** The percentage of full time an employee is assigned to work. Full-time equals 100% or 40 hours per week. 1.0 equals one employee working 40 hours per week.

**Fund:** An independent fiscal and accounting entity with a self-balancing set of accounts, used to record all financial transactions related to the specific purpose for which the fund was created.

**Fund Balance:** The difference between fund assets and fund liabilities.

**(GAAP) Generally Accepted Accounting Principles:** Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

**Gann Limit:** State of California legislation that limits a City's appropriations growth rate to two factors: Changes in population, and either the change in California per capita income or the change in the local assessment roll due to non-residential new construction.

**(GASB) Governmental Accounting Standards Board:** The authoritative accounting and financial reporting standard-setting body for government entities.

**General Fund:** The primary fund of the City used to account for all revenues and expenditures of the City that are not legally restricted as to use.

**General Obligation Bond:** Bonds backed by the full faith and credit of the City, used for various purposes and repaid by the regular revenue raising powers (generally property taxes) of the City.

**(GFOA) Government Finance Officers Association:** A professional association of state, provincial, and local finance officers in the United States and Canada whose purpose is to enhance and promote the professional management of governments for the public benefit by identifying and developing financial policies and practices and promoting them through education, training, leadership.

**Governmental Fund Types:** Funds used to account for acquisitions and other uses of balances of expendable financial resources and related current liabilities, except for transactions and accounted for in proprietary and fiduciary funds. Under current GAAP, there are five governmental types: general, special revenue, debt service, capital projects and permanent funds.

**Grant:** Contributions or gifts of cash or other assets from another governmental entity or foundation to be used or expended for a specific purpose, activity, or facility.

**Infrastructure:** The physical assets of the City (e.g., street, water, sewer, public buildings and parks).

## GLOSSARY

---

**Intergovernmental Revenue:** Funds received from federal, state and other local government sources in the form of grants, shared revenues and payments in lieu of taxes.

**Internal Service Fund:** A fund used to account for the financing of goods or services provided by one department to another department of a government.

**Long Term Debt:** Debt with a maturity of more than one year after the date of issuance.

**Mandated Programs:** Mandated programs are those programs and services that the City required to provide by specific state and/or federal law

**Measures E and A:** The City direct tax rate of 0.5% (Rohnert Park Essential City Services Temporary Funding Measure E) was approved by Rohnert Park citizens on June 8, 2010 and went into effect on October 1, 2010. This tax rate expires on September 30, 2015. It has been extended by Measure A (Rohnert Park Continuation of Essential City Services Funding Measure) which was approved by the voters on November 5, 2013. Measure A shall not expire, unless terminated by a unanimous vote of the City Council.

**Modified Accrual Basis:** The accrual basis of accounting adapted to the government fund-type measurement focus. Under it, revenues and other financial resource increments (e/g., bond proceeds) are recognized when they become susceptible to accrual, which is when they become both "measureable" and "available" to finance expenditures of the current period. All governmental funds, expendable trust funds and agency funds, are accounted for using the modified accrual basis of accounting.

**Object Code:** The account where a

revenue or expenditure is recorded.

**Operational Expenses:** A budget category which accounts for expenditures that are ordinarily consumed within a fiscal year.

**Operating Budget:** Annual appropriation of funds for ongoing program costs, including salaries and benefits, services, and supplies. This is the primary means by which most of the financing, acquisition, spending, and service delivery activities of the City are controlled. Reserves and contingencies are also components of Rohnert Park's annual budget.

**Ordinance:** A formal legislative enactment by the City Council, which has the full force and effect of law within City boundaries.

**Other Financing Sources:** Resources that are reported separately from revenue to avoid distorting revenue trends.

**Other Financing Uses:** Decrease in current financial resources that is reported separately from expenditures to avoid distorting expenditure trends. The use of the *other financing uses* category is limited to items so classified by GAAP.

**Proprietary Funds:** Funds that focus on the determination of operating income, changes in net assets (cost recovery) financial position and cash flows. Enterprise and Internal Service Funds meet this criteria.

**Reimbursements:** Reduction of General Fund (GF) expenditures paid for by a reimbursement from a Special Revenue Fund. Per GAAP, the expenditure is reported in the Special Revenue Fund, and the General Fund records a negative expenditure (reimbursement) to zero out the GF expenditure

**Special Revenue Fund:** A revenue fund

## **GLOSSARY**

---

used to account for the proceeds of specific revenue sources (other than special assessments, or for major capital projects) that are legally restricted to expenditures for specified purposes.

**Structural Deficit:** The permanent financial gap that results when ongoing revenues do not match or keep pace with ongoing expenditures.

**(TOT) Transient Occupancy Tax:** A tax of 12% of gross room receipts imposed on travelers who stay in temporary lodging facilities within the City.
